Marina

Tutti gli articoli della Rugiano Outdoor Collection, sono consigliati per essere utilizzati in ambienti come terrazzi coperti e giardini d'inverno.

All the items of the Rugiano Outdoor Collection are recommended to be used in spaces like covered terraces and winter gardens.

Tubolare in ferro di diametro 20/22 mm per la struttura perimetrale degli articoli.
Lo stesso viene sottoposto a trattamento di sabbiatura e zincatura per poi essere verniciati a polvere color bronzo.

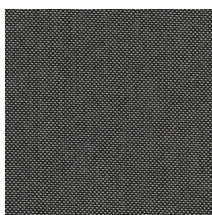

Tool tube 20/22 mm diameter for the perimeter of the articles. The same is subjected to sandblasting and galvanizing treatment and then painted with bronze-colored powder.

Treccia singola, in poliestere H.T. animata.
Treccia a 16 lignoli a basso allungamento 8mm. Il lignolo è composto da fasci di ritorno torsione "Z" 60.
Composizione: poliestere alta tenacità, 240.000 denari totali. Carico di rottura Kg. 865 c.a.
Anima interna composta da 50.000 denari di poliestere alta tenacità.

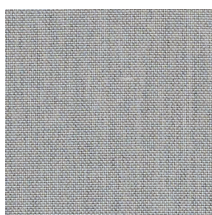

Single braid, in polyester H.T. animated. Braid with 16 lignoli with a low elongation of 8mm. The lignol is composed of torsion return beams "Z" 60. Composition: high tenacity polyester, 240,000 total deniers. Breaking load Kg. 865 c.a. Internal core composed of 50,000 denier of high-tenacity polyester.

Isolamento termico, leggerezza, anallergicità ed idrorepellenza sono le caratteristiche principali dell'imbottitura completamente naturale dei cuscini.

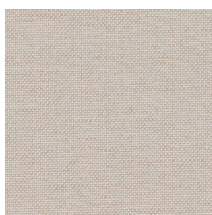

Thermal insulation, lightness, anallergicity and water repellency are the main characteristics of the completely natural cushions of the cushions.

Rain Cover

I tessuti sono versatili tanto all'interno quanto all'esterno. Tessuti composti al 100% da fibre acriliche tinte in soluzione per garantire una pigmentazione stabile ai raggi UV e sono rifiniti con un trattamento protettivo anti-macchia. Affascinanti, facili da lavare e durevoli.

Tinte di alta qualità durante il processo di fabbricazione.

Durata assicurata, progettati per resistere a funghi e muffe e sono dotati di garanzia contro sbiadimento e deterioramento.

Il trattamento finale applicato su tutti i tessuti è idrorepellente ed evita il radicamento di sporco, rendendo semplice mantenere i tessuti puliti.

Manutenzione estremamente semplice.

Fabrics are versatile both indoors and outdoors. Fabrics made of 100% acrylic fibers dyed in solution to ensure a stable pigmentation to UV rays and are finished with a protective anti-stain treatment. Fascinating, easy to wash and durable.

High quality colors during the manufacturing process. Insured durability, designed to resist fungus and mold and are guaranteed against fading and deterioration. The final treatment applied on all fabrics is water-repellent and prevents the rooting of dirt, making that easy to clean.

Extremely simple maintenance.

Per migliorare la durabilità dei prodotti sarebbe utile adottare dei semplici accorgimenti come l'utilizzo di una speciale Rain Cover realizzata in tessuto impermeabile.

Realizzata con uno speciale tessuto 100% poliestere usato anche in campo navale, la Rain Cover è dotata di coulisse che consente di bloccarla alla base degli elementi da coprire, per evitare anche che il vento la sollevi.

To improve the durability of the products it would be useful to adopt simple measures such as the use of a special Rain Cover made of waterproof fabric. Made with a special 100% polyester fabric also used in the naval field, the Rain Cover is equipped with a drawstring that allows you to lock it at the base of the lists to be covered, to prevent the wind from lifting it up.

OUTDOOR collection

Dafne

Tutti gli articoli della Rugiano Outdoor Collection, sono consigliati per essere utilizzati in ambienti come terrazzi coperti e giardini d'inverno.

All the items of the Rugiano Outdoor Collection are recommended to be used in spaces like covered terraces and winter gardens.

Una collezione dal look internazionale che vede come concept principale la continuità tra indoor e outdoor, mettendo in stretta relazione questo binomio e dando così la possibilità di vivere spazi esterni tutto l'anno.

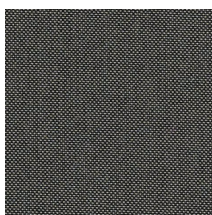

A collection with an international look that aims to the continuity between indoor and outdoor as the main concept, putting this combination in close relationship and giving the opportunity to experience outdoor spaces for all the year.

La collezione DAFNE nasce dalla necessità di ricercare un prodotto dal comfort accogliente per arredare con cura gli ambienti esterni. Il dolce gesto dell'abbraccio e del confort è raccontato dall'intreccio della scocca, in metallo, finemente lavorata.

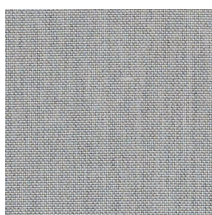

The DAFNE collection comes from the need to research a product from the cozy comfort to decore with care all outdoor locations. The sweet gesture of the embrace and the comfort is told by the intertwining of the shell, in metal, finely worked.

Un cesto contenitore che racchiude le lavorazioni artigianali che caratterizzano la produzione Rugiano ed il sapore made in Italy, linea guida di tutta la produzione.

A container basket that tells about the craftsmanship that characterize the production Rugiano and the feeling made in Italy, guideline of all the production.

Rain Cover

I tessuti sono versatili tanto all'interno quanto all'esterno. Tessuti composti al 100% da fibre acriliche tinte in soluzione per garantire una pigmentazione stabile ai raggi UV e sono rifiniti con un trattamento protettivo anti-macchia. Affascinanti, facili da lavare e durevoli.

Tinte di alta qualità durante il processo di fabbricazione.

Durata assicurata, progettati per resistere a funghi e muffe e sono dotati di garanzia contro sbiadimento e deterioramento.

Il trattamento finale applicato su tutti i tessuti è idrorepellente ed evita il radicamento di sporco, rendendo semplice mantenere i tessuti puliti.

Manutenzione estremamente semplice.

Fabrics are versatile both indoors and outdoors. Fabrics made of 100% acrylic fibers dyed in solution to ensure a stable pigmentation to UV rays and are finished with a protective anti-stain treatment. Fascinating, easy to wash and durable.

High quality colors during the manufacturing process. Insured durability, designed to resist fading and deterioration. The final treatment applied on all fabrics is water-repellent and prevents the rooting of dirt, making that easy to clean.

Extremely simple maintenance.

Per migliorare la durabilità dei prodotti sarebbe utile adottare dei semplici accorgimenti come l'utilizzo di una speciale Rain Cover realizzata in tessuto impermeabile.

Realizzata con uno speciale tessuto 100% poliestere usato anche in campo navale, la Rain Cover è dotata di coulisse che consente di bloccarla alla base degli elementi da coprire, per evitare anche che il vento la sollevi.

To improve the durability of the products it would be useful to adopt simple measures such as the use of a special Rain Cover made of waterproof fabric. Made with a special 100% polyester fabric also used in the naval field, the Rain Cover is equipped with a drawstring that allows you to lock it at the base of the lists to be covered, to prevent the wind from lifting it up.
